INITIAL STAFFING OF COMMUNITY MENTAL RETARDATION FACILITIES MODEL CITIES PROJECTS

Fiscal Year 1969

During the Fiscal Year 1969 (July 1, 1968 to June 30, 1969) 95 mental retardation initial staffing grants totaling over \$4.2 million were approved in Model Cities project areas. Funds for these projects were authorized by Title I, Part D, Public Law 88-164 Mental Retardation Facilities and Mental Health Centers Construction Act (as amended).

Initial Staffing Grants

The initial staffing grant program provides funds to pay for part of the costs of compensation of professional and technical personnel for the initial operation of new community facilities or for initiating of new services in existing facilities.

The appropriated funds for mental retardation initial staffing projects are made available to the states according to their population and financial need. A portion of the total funds are then designated as available for projects serving demonstration neighborhoods in model cities.

Eligible applicants

Eligibility for an initial staffing grant is limited to new public or non-profit community facilities for the mentally retarded and existing public and non-profit facilities initiating new services for the retarded.

Model Cities are those municipalities (city or county) selected to receive planning funds as a first step of a five year program to improve physical, social and economic conditions in a large blighted neighborhood. The target area is generally known as a model neighborhood.

For a project application to receive model cities priority consideration it must be certified by the City Demonstration Agency as being part of the Model Neighborhood Plan or satisfactorily linked to it, and must be approved as such by the Regional Director of the Department of Health, Education, and Welfare.

U.S. DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE
Secretary's Committee on Mental Retardation Patricia Reilly Hitt, Assistant
Secretary for Community and Field Services
Washington, DX. 20201

A list of approved projects is included on pages 3 through 7. For additional information concerning this grant program contact:
